

EcoMail. Now frank even small postal volumes both economically and ecologically.

Frama's philosophy – that any innovation must have both immediate and long term benefits for its customers – has made it a respected name among postal professionals world-wide.

The EcoMail Generation – the latest and most powerful expression of this philosophy. A fast, reliable, fully modular, expandable franking system, driven by advanced System Intelligence, with exclusive ComTouch™ ease of use. New-generation EcoMail delivers unique performance and user benefits that enable you to manage every mailing faster, more easily and economically than ever before.

Touch it! The exclusive Frama ComTouch™ springs to life, immediately displays every function you need and guides you through the entire franking process step by menu-guided step. That's System Intelligence – made by Frama.

EcoMail. Key features in brief:

2000 frankings per hour. Letter thicknesses up to 6 mm. 9 programmable fixed values. Resettable and non-resettable value and item counters. Up to 8 advertising clichés in memory. Automatic date-change. High-value blocking. EcoMail is available in blue or anthracite.

Optional: Environment-friendly reusable ink-ribbon cassette EcoFill. Automatic tariff calculation. Interface for S weighing platforms.

Save with it! The rechargeable ink-ribbon cassette EcoFill is another Frama exclusive that is environment-friendly and saves money too. And to change the ink-ribbon is child's play!
