

The **Mailbase** Postal Franking System - professional mailing that has it all..

The perfect complete mid volume postal mailing system that has it all..

Professional mailing that has it all

The **Mailbase** is the professional choice for ease-of-use and advanced functionality.

- Quiet operation with one-touch controls
- Built in 2.5kg weigh scale for accurate rate calculation
- Envelope processing speeds of up to 30 letters per minute
- 25 Departmental Accounts / Cost Centres

FUTURE PROOF MAILING

The **Mailbase** connects to a secure server, via the Internet, enabling services such as postal tariff changes, software updates and advertising slogans to be downloaded quickly and effortlessly.

CORRECT POSTAGE- EVERY LETTER, EVERY TIME

The **Mailbase** incorporates a 2.5kg integral weighing platform, freeing up desk space and guaranteeing that each letter or package bears the correct postage value.

FAST ACCURATE POSTAGE RE-CREDITING

Replenish your meter 24-hours a day with simple one-touch refills - quick, secure and hassle-free.

EASY TO USE

All controls are fully integrated on one clear control panel with user-friendly instructions to guide the operator through each stage of processing mail.

STREAMLINED PROCESSING

Efficiently frank and seal mail pieces up to 9.5mm thick, whilst larger mail is quickly processed with self adhesive tape strips. Mailing couldn't be simpler with up to 5 presets for your most commonly used jobs.

MONITOR POSTAL SPEND

Control postage costs with tracking and reporting for up to 25 named departmental or client accounts.

STRENGTHEN YOUR BRAND

Enhance standard envelopes into eye-catching branded mail pieces with tailor made customised logos.

TRACK INCOMING MAIL

Date and time stamping incoming post ensures mail is handled efficiently.
