

The **Mail**Base *Speed*

Automatic digital mailing system brings large mailroom productivity and ease to the office environment..

The complete mailing system that helps Maximise Office Productivity

Professional quiet efficient mailing

Every business needs to operate as efficiently as possible. Even daily, routine tasks need to be performed in a productive manner. The easy-to-use, **MailBase Speed** Automatic Digital Mailing System will amaze you with its simplicity and advanced capabilities.

- Automatic Label Dispenser
- Choice of weigh scale for accurate rate calculation (5kg standard)
- Automatic Envelope processing speeds of up to 95 letters per minute
- 25 Departmental Accounts / Cost Centres
- Full Automatic VAT reporting when a VAT applicable service is used

CORRECT VALUE POSTAGE - EVERY LETTER, EVERY TIME

The **MailBase Speed** can incorporate an optional 5kg integral weighing platform, freeing up desk space and guaranteeing that each letter or package bears the correct postage value. There are also options for 7kg, 12kg and 35kg interfaced weighing platforms. The optional differential weighing technology enables batches of mixed mail to be processed quickly and efficiently. The differential mail feature means that a collection of mail can be placed on the scale and the machine will calculate the correct postage for each mail piece as it is removed from the pile.

INFORMATION MANAGEMENT

It's crucial for businesses to account for postage expenses. Departmental or client postage spend can be easily tracked and reported with the 25 standard accounts on the **MailBase Speed** these can be upgraded to either 100 or 300 accounts if required. Reports can either be printed or there's the option of exporting to a PC for further analysis.

ALWAYS UP TO DATE

Always up to date **IntelliLink**® technology provides effortless, hassle free, postal rate downloads and software updates. With **IntelliLink**® technology you can be sure that your equipment is always upto date.

DIGITAL TECHNOLOGY IS THE GATEWAY TO THE FUTURE

The **MailBase Speed** digital franking system satisfies all current postal regulations, and the technology's flexibility makes the **MailBase Speed** adaptable for the future.

STAY CONNECTED VIA PHONE OR PC CONNECTION

Save time and increase efficiency by taking advantage of the PC / Network connection included as standard across the new Mailbase Franking Machine Range.

Easily add a custom text message with the qwerty keyboard
