

The MailCentre
Unrivalled Efficiency – In Motion
Weighing & Measuring for accurate
‘Mixed Mail’ Franking brings the ultimate
in Office Mail Processing..

The ultimate mailing system that makes it easy on 'Mixed Mail'

Professional quiet efficient mailing

Getting your mail pieces assembled and out the door shouldn't be a chore. With its ability to process up to 120 letters per minute - the **MailCentre** makes mailing easy!

- In Motion / In Line Weighing & Measuring as Standard
- Automatic Label Dispenser
- Speeds of up to Up to 120 letters per minute in Standard Mode
- Speeds of up to Up to 80 letters per minute in W & M Mode
- Automatic Envelope Feed Media Sizes Up to 330 x 381mm x 8mm
- 5kg 'Built In' Interfaced Weighing
- Integrated Weighing Options – increase to 7kg, 12kg or 35kg

CORRECTLY PRICED MIXED MAIL - EVERY TIME

The **MailCentre** comes as standard with built in 'Weighing and Measuring saving you time and money ensuring your mixed mail is priced correctly every time. The **MailCentre** also includes a 5kg integral weighing platform, freeing up desk space and guaranteeing that each letter or package bears the correct postage value. There are also options for 7kg, 12kg and 35kg interfaced weighing platforms. The optional differential weighing technology enables batches of mixed mail to be processed quickly and efficiently. The optional differential mail feature means that a collection of mail can be placed on the scale and the machine will calculate the correct postage for each mail piece as it is removed from the pile.

INFORMATION MANAGEMENT

It's crucial for businesses to account for postage expenses. Departmental or client postage spend can be easily tracked and reported with the 100 standard accounts. Reports can either be printed or there's the option of exporting to a PC or using the online 'InView' web accounting system for further analysis.

ALWAYS UP TO DATE

Always up to date **IntelliLink**® technology provides effortless, hassle free, postal rate downloads and software updates. With **IntelliLink**® technology you can be sure that your equipment is always upto date.

DIGITAL TECHNOLOGY IS THE GATEWAY TO THE FUTURE

The **MailCentre** digital franking system satisfies all current postal regulations, and the technology's flexibility makes the **MailCentre** adaptable for the future.

STAY CONNECTED VIA PHONE OR PC CONNECTION

Save time and increase efficiency by taking advantage of the PC / Network connection included as standard with the new **MailCentre**

Colour graphics display – A user friendly, crisp, clear colour display makes for quick and easy selections – giving you **step-by-step instructions**
