PostBase
Next generation postage meter

We have been developing innovative class leading products since 1923, our philosophy is 1st class customer service as well as delivering the highest quality products that give our customers the benefits they require whilst remaining simple to operate and technologically advanced.

PostBase is a worldwide award winning product from the new FP range of postage meters which incorporates a sleek design in your choice of colours with the latest colour touchscreen and digital LAN or WiFi connectivity.

We designed the user interface to be as simple as possible so that you don't have to worry about reading a user manual, you can just get on with franking the post, 99% of all tasks can be completed with less than 3 button pushes.

All of your updates including postage top ups, new adverts and postage rate changes are taken care of effortlessly using our simple and quick digital download system.
