Optimise efficiency. Ensure quality.

Compact, quiet and easy to use

Growing businesses count on innovative productivity tools to keep their offices running smoothly. Neopost's IS-350c professional franking system makes it simple to weigh, frank and send your mail.

Easy to operate, the highly capable IS-350c with whisper-quiet operation is designed to integrate smoothly into your office environment and process mail efficiently.

With its state-of-the-art technology and myneopost online services you can be sure to have the best solution to meet your demanding needs.

Smart and friendly
Powerful envelope feeding
Space saving weighing platform

Give the right impression

Promote customer relations with printed slogans that enhance the professional look of your organisation. Select advertising slogans to reinforce the communication to your customers.

Mix it up – IS-350c will sort it out

Fast, accurate weighing and franking. Using Differential Weighing, simply place all your mixed-weight mail on the weighing platform, remove an envelope and the correct rate is calculated.

The IS-350c is as ready as you are. With Smart Start technology, each time an envelope is removed from the weighing platform the IS-350c starts and is ready to process your mail.

Pricing your mail has never been easier

Don't be confused by postal rates. Let the IS-350c's Rate Wizard give you a hand so you don't have to be a postal expert. Whichever rate you need, the IS-350c will figure it out.

Save even more time by eliminating keystrokes when you select the mail class you need from the rate shortcuts menu.

From single envelopes to larger packages, you'll have the flexibility you need to weigh and manage your mail with ease.

1. Space saving integrated weighing platform with Smart Start technology
2. Simple dashboard display provides operational overview with user friendly prompts and menu
3. Shortcut keys ensure maximum efficiency
4. Convenient postage downloads without prepayment requirement
5. Optional sealer allowing quick and easy sealing of your mail

Monitor, track and control postal Expenditure online

myneopost online services give you greater control over your mailing system and postal expenditures. The IS-350c connects to **myneopost** to help you manage your operations more efficiently.

Never run out of ink with Low Ink E-mail Alerts.

If you have to account for your mail, use **myneopost**. With convenient online access, you can even monitor postage activity, mail class, and department usage.

Never out of ink

Managing ink couldn't be easier. The IS-350c uses a long-life cartridge optimising ink yield and minimising replenishment.

Plus, the IS-350c will send you a Low-Ink E-Mail Alert so you can be sure your mail keeps moving. Thanks to the Click n' Snap design, changing ink cartridges has never been easier.

Fast and efficient mail processing

Performance assured

We've got you covered

Neopost customer support is there for you with our UK based contact centre and nationwide technicians who are ready to assist you. In fact, our dedication to providing you with world class customer satisfaction is so advanced that we offer automatic diagnostics with our IS product line. By uploading systems data, we will be alerted if you are having trouble.

With **myneopost**, this remote access to your system allows us to analyse the situation remotely and then x it accordingly.

Eco-friendly, the upgraded Neopost IS range is designed to reduce your environmental footprint.

Being ISO 14001 (environmental) certified, Neopost will serve you according to the highest process, quality and environmental standards.
