## Intelligent high performance modular mailing system

Dynamic businesses count on smart productivity tools to do more than simply move the mail. Neopost's IS-480 takes mail processing to a new level of intelligence and delivers productivity at its best.

With state-of-the-art technology and **myneopost** online services under your control, you'll have the best-in-class solution to meet your demanding mail room needs.

Easy to use the highly capable IS-480 with whisper quiet operation is fast and efficient. Improving productivity, providing cost control with added reliability the IS-480 will enhance business opportunities and objectives in organisations where mail handling must be optimised.

Colour touchscreen control panel

Simple, reliable, accurate operation

Mixed-mail feeding and weighing

**myneopost** online mail management

Best-in-class accounting options

### Mixed mail feeder

- Eliminates the need for pre-sorting mail by size - helping to reduce operational costs.
- Processes & seals up to 150 letters per minute.

### Pricing your mail

- In-line weighing at 90 letters per minute automatically prices post by calculating size, thickness & weight up to 1kg.
- An accurate weighing platform reduces costly stamping errors and improves reliability of your mail deliveries.

### Full colour touchscreen control

- Intuitive and easy to use with no specialised training required.
- The fail safe rate wizard helps eliminate the wrong postage being selected so you never spend more on post than you need to.

## MAILMARK ENABLED

### myneopost

- Exclusive to Neopost, online access to account and activity information at the touch of a button from your desk.
- Greater control over your postal expenditure gives Accounts departments the important information they need.

### Advanced reporting

- Access in depth information on postal expenditure across your business.
- Understanding trends as they emerge helps decision making, ensuring you optimise budgets and access all Royal Mail discounts.

1. Automatic mixed-size feeder adjusts to sort mail by size and thickness. Self-aligning rollers prevent jams or misprints.
2. Differential weighing technology calculates and delivers the exact postage for each item removed from the platform.
3. Function shortcut keys offer operational efficiency.
4. PiP compliant dynamic scale automatically categorises based on shape and weight, then accurately rates mail at speeds up to 90 letters per minute.
5. Wide feed deck processes large envelopes in either portrait or landscape formats.

## Neopost mailroom solutions

Neopost communications solutions/Neopost equipment and software makes it easier to connect to your customers via mail, email and SMS.

Automatic letter openers

Incoming mail solutions

Folder/Inserters

### LAN connection

- Save time updating software services and statistics.
- Re-crediting can be completed with ease ensuring you have postal funds available when you need them. No costly dedicated analogue phone line connection required.

## Fast and efficient mail processing

### Performance assured

- Ergonomically-designed control panel and menu screen
- Menu selection is quick and easy
- Whisper-quiet operation
- Self-aligning mixed-size feeder allows reliable processing of mixed mail without manual adjustments
- Dynamic scale categorises and franks mixed mail at speeds up to 90 letters per minute
- Ink-replacement alerts delivered on the machine and by email

### Efficiency optimised

- NeoFunds makes it easy to keep your mail moving; simply download postage now and pay later
- Smart Start technology eliminates keystrokes and saves time. Each time a mail piece is removed from the weigh platform, the system is set in motion
- Shortcut keys deliver quick selection for operational efficiency
- Imprint memory feature offers direct access for fast recall
- Easy postal rate selection with fail safe RateWizard, quick shortcuts, or select from most recently used rates

### Cost control

- PIN code protection helps you control usage
- Default rate setting helps eliminate accidental mis-posting
- Postage usage allocation by department or user
- Online access to detailed postal usage by department, class, or user
- Assign budgets by department or cost centre
- **myneopost** Advanced Reporting

## We've got you covered

Neopost customer support is there for you with our UK based contact centre and nationwide technicians who are ready to assist you. In fact, our dedication to providing you with world class customer satisfaction is so advanced that we offer automatic diagnostics with our IS product line. By uploading systems data, we will be alerted if you are having trouble.

With **myneopost**, this remote access to your system allows us to analyse the situation remotely and then fix it accordingly.

Eco-friendly, the upgraded Neopost IS range is designed to reduce your environmental footprint.

Being ISO 14001 (environmental) certified, Neopost will serve you according to the highest process, quality and environmental standards.
