# Rethink the way you mail and ship.

Introducing the new generation of sending solutions from Pitney Bowes

**SendPro® C and SendPro®+**

# Introducing new generation of sending solutions from Pitney Bowes.

In business, there are plenty of important things to worry about. Sending parcels and letters doesn't need to be one of them... and now it isn't.

SendPro® C and SendPro®+ are the latest all-in-one office sending solutions, designed to simplify your day-to-day sending needs. Plus, with our exclusive AutoInk offering, you'll be able to reduce running costs more than ever.

SendPro C and SendPro+ provide a more streamlined way to process mail and ship parcels with Royal Mail and Parcelforce® Worldwide. It makes understanding and realising greater cost and time savings easy. By leveraging cloud technology, this innovative machine delivers high value and convenience through superior analytics and easy-to-use features and services.

## Get the functionality you want combined with the support you need.

**Designed to minimise downtime:** Daily tasks are easy for anyone in the office via the user-friendly, Android-powered touchscreen interface. Plus, get the support you need right away with integrated, support articles and self-help videos.

**Intuitive workflow:** With our simple, Android-based 7" colour touchscreen technology, the number of steps you need to send has been reduced... and made easier to do, every time.

**Ink included as standard:** AutoInk: Never worry about ordering ink again. Eliminate the hassle of ordering. Pairing AutoInk with SendPro® C and SendPro®+ provides the most affordable and convenient method to run your business. Your SendPro alerts us when your ink is low. We'll automatically ship a replacement franking ink cartridge directly to you with delivery included. It's really that simple. With franking ink bundled, for the life of your SendPro contract, you can save up to 86% a year<sup>1</sup>.

**Eliminate wait times:** Virtually eliminate the need to call in for support. Simply go to our website to:

- Get support with live chat.
- Order other supplies.
- Create and submit support cases to our technical team through your online account.
- View self-help articles and videos.

### How does AutoInk work?

Meter sends alert when ink is low

Ink order placed automatically

Order delivered directly to you

You save up to 86% a year<sup>1</sup>

<sup>1</sup>This is based on the usage of five Pitney Bowes genuine franking ink cartridges per year on the £7.99 monthly tariff. AutoInk is a part of your all-inclusive service contract. AutoInk is an optional service and you will be provided with an alternative service contract should you wish to opt out of AutoInk.

# SendPro® C

Improve your efficiency and spend.

Track spend

Save time
